GRAMMAR GAME (STORY ORDER)

PAST TENSE

■ What happened to Sue? Have your students put the 11 events below in order.

On Monday, I bought a lottery ticket at a shopping mall.
I put the ticket in the pocket of my jacket, and went home.
After I got home, I went to bed and forgot about the ticket.
On Tuesday morning, I got into my car and drove to work.
On the way to work I turned on the radio.
A man on the radio said my lottery ticket number.
After he said my number, I put my hand into my jacket pocket.
Oh no! The ticket wasn't in my pocket!
Next, I drove back home and looked for the ticket.
I found the ticket. It was on a table.
Finally, I looked at the ticket. Oh no! It was the wrong number!

The new GED test consists of four arreas Separate content: reasoning through language arts (RLA), mathematical reasoning, science and social studies. The test is designed as an equivalence test in high school - if you pass the GED, then you are supposed to have an education equivalent to a High school graduate. The details of the subject exams are shown below. You can also view the official website for more information. Reasoning Through Language Arts The reasoning through the arts of language (RLA) GED test is 150 minutes long. The test is divided into three sections. One of the sections is a 45-minute long response (essay). The other two sections (35 and 60 minutes) present questions that include multiple options, drop-down, short response and other formats. Students also receive a 10-minute break during the test. Students are presented with short passages (from 400 to 900 words) of reading and a variety of reading comprehension questions are asked. About 75% of the reading passages are informative, while the other 25% are literary. The texts vary in complexity with a career approach and university reading. The topics discussed in the test include: Reading for Meaning Identify and create arguments Grammar and language The RLA exam evaluates the ability of a student to: read, write, edit, and understand the written English understand, interpret and answer questions based on reading passages use evidence to support an argument understanding (at a ready university level) basic English skills Science The GED science test is 90 minutes.
